Friday Update: February 4, 2005

Updated Assignment Code

We have attached the updated Assignment Code, as approved by our Board. Most of the code is the same. The changes, mostly minor, can be found in the areas of exceptional needs, science, and career and technical education. If you have any questions about the Assignment Code, please contact Shawn Sriver at ssriver@psb.state.in.us. The Assignment Code has also been updated on our website. If you need a paper copy of the Assignment Code, contact Becky Bridges at bbridges@psb.state.in.us.

Highly Qualified Teacher

You may find information about "highly qualified teacher" on our website at:

http://www.in.gov/psb/visitors/highly_qual_teachers.html

This will provide you with the definition of "highly qualified teacher" as it relates to various school-related scenarios. In the event that you are unsure about your qualifications, we suggest that you fill out the HOUSSE (High Objective Uniform State Standard Evaluation) worksheet at this website to determine your eligibility under Indiana's definition.
